

Bedrock Rug

A cut-and-loop pile surface with a subtle border detail. The high pile brings a cushioned, indoor sensibility to outdoor spaces, while considered linework adds a quiet, architectural quality.

- COMPOSITION 100% Recycled PET (Polyester)
- CONSTRUCTION Loom-knotted cut and loop pile | 12mm height
- COUNTRY OF ORIGIN India
- CERTIFICATIONS GoodWeave, Global Recycled Standard (GRS)
- SUITABILITY General Living, Dining Room, Bedroom, Kid Friendly, Entry/Hallway, Outdoors

73865	200x300cm
73866	250x350cm
73867	300x400cm

CARE INSTRUCTIONS

Because of PET yarn's absorbent properties, we suggest utilising this rug in covered areas and storing it indoors during rainy conditions. To ensure product longevity, we recommend bringing the floor rug indoors when not in use.

Outdoor floor rugs can be cleaned by washing with your garden hose, or with a damp cloth and warm soapy water. Hang outside to dry. Spot clean spills immediately, by gently dabbing at the mark. Use warm soapy water to clean water-based stains. Oil-based spills should be cleaned immediately with textile cleaning solution. Do not dry clean.

If using inside, lightly vacuum regularly using suction only. Avoid using a brush head, as this can cause matting of the fibres. You can also shake your floor rug outside to remove dust and dirt.

Please refer to our website for more information.

MANUFACTURING VARIATIONS & CONSIDERATIONS

This floor rug has been handcrafted by artisan makers. Although we strive for consistency in our products, the complex nature of this process may reveal minor variations.

SIZE This can vary +/- 3% from the size specified.

COLOUR You may notice slight colour variations from samples, online, and print images. As many of our products are handmade from natural fibres and materials, there may also be minor variations between production runs and dye batches. Every effort is made to ensure these are minimal and within textile industry standards.

POP-UPS Pop-ups occur when fibre ends or loops wriggle loose and appear above the natural pile height of the rug. Pop-ups are common in handwoven rugs and are not considered a fault. Maintain by trimming or pushing through to the underside.
