

Eclisum

Architects Nicolas Verraver and Gauthier Desplanque began their design bureau, NG Design, from their existing architectural bureau, NG Architect. NG Design expresses their passion for design, their love for everything that combines beauty and function, and their respect for the environment.

NG Design

CONCEPT

Eye-catcher and shade maker all in one. Already while designing it, creating shade was not the Eclisums only goal. The Eclisum is a design object, with all of the trump cards of a functional umbrella. The large, elegant ring with its design shade sail offers a tempting, artistic spectacle and reviving shade.

TRUMPS

- Decorative design object
- Striking cosmic shape
- Unique showpiece
- 360° rotatable

NICE TO KNOW

- The rotation support is included, which makes the Eclisum 360° rotatable.
- The ring can very easily be adjusted in height and is 360° rotatable.
- The round support is included.
- The Eclisum canopy can simply be removed and be stored in a protective cover (included).

The ring and support are 360° rotatable.

The handle makes it possible to easily adjust the Eclisum in height and is of high quality.

The Eclisum canopy can simply be removed and be stored in a protective cover (included).
